

Electric Lift Tables Take the Work Out of Lifting Large Animals

Lowest Profile Lift Table Available

Adjusts from 7" to 38 1/2" high. Eliminates strenuous lifting - walk animal onto table and raise to exam height. 225 pound lift capacity.

Table May be Stopped At Any Position

Full 31 1/2" range of height adjustment.

Self-Contained Base and Column

No exposed wiring or lifting mechanisms. Clean, safe office appearance. Column requires no maintenance and is covered by a full 1-year warranty. Baked-on corrosion resistant base finish.

Low Profile Base

No exposed support braces or upright tracks.

Lifts Large Animals Easily and Quietly

Powerful electric motor and self-contained dual screw gear column. Quiet, smooth adjustment means less patient anxiety.

Tapered-Design Backboard

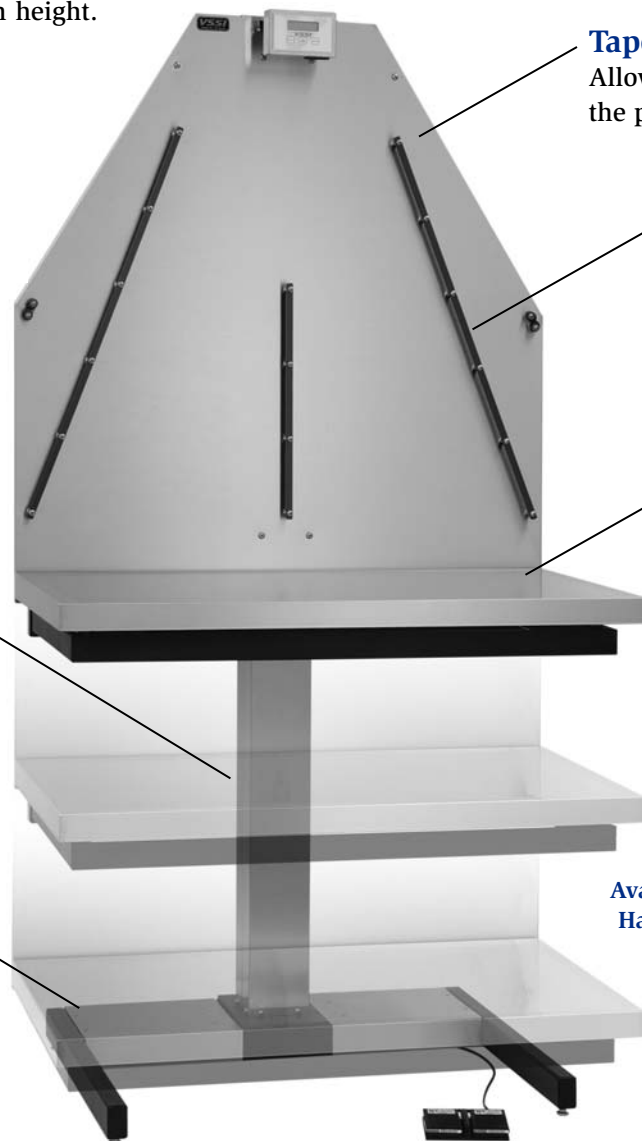

Allows greater access around the patient.

Restraint System

Tie down rails and restraint cleats located on both the left and right side of the table.

Spacious Work Surface with Anti-Drip Edges

22" x 44". Has thick inner board for a solid, quiet working surface.

Available with Hand or Foot Control

The Back Saver™ Easily Transports and Lifts the Patient

Lowest Profile Table Available

Adjusts from 7 5/8" to 36". Walk your patients onto the surface and lift them up to exam height. Fits in front of low level cages and patients can be slid directly onto the exam surface.

Easy to Operate

Two button hand control can conveniently be stored under table top.

All Stainless Steel Construction

Heavy gauge. No components will rust or corrode – easy to clean.

Lightweight and Easy to Maneuver

Special narrow design easily maneuvers narrow halls, corners and doors. Can be stored under a table.

24" x 44"
20 Gauge Stainless
Steel Top with
Anti-Drip Edges

Rechargeable Battery Power
Allows the table to be used without being plugged in. Charging process can be interrupted to allow table use. As a safety precaution, table will not operate while charging.

Lifts Up to
200 Pounds

Optional set of four quick release restraint cleats.

3" Locking
Casters for
Easy Mobility

Height
Adjusts:
7 5/8" to 36"
Width: 24"
Length: 44"

Use As An Exam Table
or Mobile Transport Unit

Complete Recharge Takes Only 4-6 Hours

To recharge simply plug the charging unit into a standard wall outlet. Low battery indicator "beeps" when charging is needed.
