

# Equipment for Diagnosis and Treatment

## Variable Speed Centrifuge

- 3 year warranty, parts & labor – rotor has lifetime warranty
- Compact unit – 9" tall x 9 1/2" wide x 10" deep
- Quiet operation
- Suction cup feet minimize vibration
- Lid safety switch helps prevent accidents
- Built-in 30 minutes mechanical timer with shut-off bell
- Rotor accommodates test tubes sized 2 ml to 15 ml
- Rotor holds up to 6 test tubes
- Speed is adjustable from 1,500 rpm to 3,225 rpm for sperm cell washing and urine separation at lower speeds, or blood separation at full speed

135-4991-00 Variable Speed Centrifuge, 6 Tube Rotor

## High-Speed Microhematocrit

- 3 year warranty, parts & labor – rotor has lifetime warranty
- Compact unit measures 10 3/4" tall x 12" wide x 14" deep
- Quiet operation
- Suction cup feet minimize vibration
- Lid safety switch helps prevent accidents
- 5 minute mechanical timer with shut-off bell
- Built-in spiral reader can be placed on the platter for direct readings
- 24 place rotor
- 10,000 rpm speed assures rapid spin-downs

135-4992-00 High-Speed Microhematocrit, 24 Place Rotor

## Clinical Refractometer

- 6-month warranty
- Includes case, tool for adjustment and simple instructions
- Calibration is adjustable
- Displays urine specific gravity, serum protein and refractive index
- Valuable in making accurate diagnosis and prescribing treatment
- Provides quick and accurate indications of vital fluid levels
- Temperature compensated

135-2390-00 Clinical Refractometer

## Ultraviolet Woods Light

- Standard 110V plug-in
- Compact 7 5/8" x 2 7/8" x 2"
- Durable impact resistant plastic housing
- Uses BL fluorescent tube with filter
- Produces light at intensity of 180 UW/cm<sup>2</sup> at 6"
- Produces light at wavelength of 365 nm
- Mini hand lamp provides convenient source of ultraviolet light

120-0790-00 Ultraviolet Woods Light – 4 watt

120-0790-05 Ultraviolet Woods Light – 6 watt

## Convenient Comfortable Seating

### Gas Column Stool

- 2" double ball-bearing swivel casters offer easy mobility
- Five-caster base provides maximum stability
- Height adjustment is made with one touch control of the gas cylinder column
- Height is adjustable from 22" to 29" tall
- Heel rest ring provides added comfort and stability
- Polished Aluminum Base
- 16" round cushioned seat provides comfortable seating

102-5900-11 Gas Column Stool  
Specify upholstery color when ordering

### Gas Column Chair

- 2" double ball-bearing swivel casters offer easy mobility
- Five-caster base provides maximum stability
- Height adjustment is made with one touch control of the gas cylinder column
- Height is adjustable from 22" to 29" tall
- Heel rest ring provides added comfort and stability
- Polished aluminum base and heel rest
- Contoured 16" cushioned seat and upholstered spring back provide extremely comfortable seating

102-4900-11 Gas Column Chair  
Specify upholstery color when ordering

### Screw Column Stool with Round Foot Ring

- 2" double ball-bearing swivel casters offer easy mobility
- Height is adjustable from 17 1/2" to 27 1/2"
- Heel rest ring provides added comfort and stability
- Chrome plated steel frame is durable and easy to clean
- 15" round cushioned seat provides comfortable seating

102-5107-11 Screw Column Stool  
Specify upholstery color when ordering

### 5-Leg Screw Column Stool

- 2" swivel casters
- Height adjusts from 18" to 28 1/2"
- 16" cushioned seat provides comfortable seating

102-5150-11 Screw Column Stool – 5 Caster  
Specify upholstery color when ordering

All seating available in a choice of colors, visit our web site at [www.vssi.com](http://www.vssi.com) for latest availability or call 1-800-299-9525.

## Chrome-Plated or Stainless Steel IV Stands and Adjustable Instrument Cart

### Two Hook IV Stand with 4 Casters

- 2.5" conductive double ball-bearing swivel casters provide easy mobility
- Low-profile base moves easily under low-clearance equipment
- Hand operated friction lock securely holds IV at desired height
- Height is adjustable from 51 3/4" to 94" tall
- Polished finish cleans easily
- Two safety hooks securely hold IV bags

102-3405-11 Chrome

102-3305-12 Stainless Steel

### Four Hook IV Stand with 4 Casters

- Same features as above except with four hooks for IV bags

102-3306-12 Stainless Steel

### Two Hook IV Stand with 5 Casters

- 2.5" conductive double ball-bearing swivel casters provide easy mobility
- Low-profile base moves easily under low-clearance equipment
- Hand operated friction lock securely holds IV at desired height
- Height is adjustable from 52 1/2" to 93 3/4" tall
- Polished finish cleans easily
- Two safety hooks securely hold IV bags

102-3305-11 Chrome

102-3305-21 Stainless Steel

### Four Hook IV Stand with 5 Casters

- Same features as above except with four hooks for IV bags

102-3306-11 Chrome

102-3306-21 Stainless Steel

### Adjustable Instrument Cart, Pneumatic Assisted

- All metal construction for durability
- Casters lock for sturdy access
- Stainless steel top and base are easy to clean
- Low profile base with casters for easy mobility
- Height adjusts from 34 1/8" to 47 3/4"
- Fingertip control for easy height adjustment
- Spacious 30" x 24" stainless steel top

102-2530-12 Adjustable Instrument Cart, Pneumatic Assisted

## Instrument Stands

### Medical Tray

- Chrome plated support rod
- 2" conductive double ball-bearing swivel casters provide easy mobility
- Friction lock securely holds the table height in place
- Height is adjustable from 29 1/2" to 50 1/4" tall
- Spacious tray measures 19 1/8" x 12 5/8" x 5/8" deep
- Stainless steel tray is removable for greater convenience and utility
- 5 leg, polished aluminum base for maximum stability

102-2310-21 Medical Tray

### Mayo Table

- Chrome plated frame is attractive, durable and easy to clean
- 2" conductive double ball-bearing swivel casters provide easy mobility
- Friction lock securely holds the table height in place
- Height is adjustable from 34" to 54 1/2" tall
- Spacious tray measures 19 1/8" x 12 5/8" x 5/8" deep
- Stainless steel tray is removable for greater convenience and utility

102-2320-11 Mayo Table

### Stainless Steel Mayo Instrument Stand

- 2" single wheel hard rubber casters
- Base slides easily under operating table
- Friction lock holds table securely in place
- Height is adjustable from 37 1/4" to 64"
- Removable stainless steel tray offers added convenience and greater utility
- All stainless steel construction
- Spacious tray measures 19 1/8" x 12 5/8" x 5/8" deep

102-2320-12 Mayo Instrument Stand

## Stainless Steel Buckets and Eye Wash Stations

Height: 14"  
Diameter: 13 1/2"

Height: 8"  
Diameter: 16 1/4"

### Stainless Steel Kick Bucket

- Electro-polished finish offers attractive appearance
- 2" conductive swivel casters provide easy mobility
- Well-balanced design is resistant to tipping
- Durable stainless steel construction is easy to clean
- Perimeter bumper protects walls and other equipment
- 12 quart stainless steel pail lifts easily from rolling base

104-0412-00 12 Quart Kick Bucket, Stainless Steel

### Stainless Steel Sponge Receptacle

- Electro-polished finish offers attractive appearance
- 2" conductive swivel casters provide easy mobility
- Well-balanced design is resistant to tipping
- Durable stainless steel construction is easy to clean
- Perimeter bumper protects walls and other equipment
- 9 1/2 quart stainless steel basin lifts easily from rolling base

104-0411-00 9 1/2 Quart Sponge Receptacle, Stainless Steel

### Deck Mount 90° Swivel Eye Wash with Stay-Open Ball Valve

- Each unit is completely assembled & tested prior to shipping
- Furnished with ANSI-compliant sign
- Stay-open valve holds water on until you turn it off
- Float off dust covers assure cleanliness
- Gentle spray outlet heads are filtered to remove debris from water
- Self-regulating flow control assures soft, balanced flow in each outlet head
- OSHA compliant unit for countertop use
- Note: Sink is not included with eye wash

107-8192-00 Deck Mount 90° Swivel Eye Wash

### Faucet Mounted Eye Wash

- Each unit is completely assembled & tested prior to shipping
- Float off dust covers assure cleanliness
- Gentle spray outlet heads are filtered to remove debris from water
- Self-regulating flow control assures soft, balanced flow in each outlet head
- Water pressure holds water on until you turn water off
- To use, simply turn on cold water and pull diverter lever
- Does not interfere with normal faucet operation
- Converts any standard faucet into an eye wash station
- OSHA compliant only as a secondary station
- Note: Faucet is not included with eye wash

107-8492-00 Faucet Mounted Eye Wash

# Narcotics Safes
